3 Contributions

Please complete this section with the contribution details for your plan.

Part A: Your other pension plans

If you're over 55 and have taken retirement savings from another pension plan you need to tell us as this may trigger the money purchase annual allowance (MPAA).

If you've previously triggered the money purchase annual allowance with us or any provider please insert the date the first payment was made.

You can find out more information about the MPAA within the [key features document for your employer's group stakeholder pension plan](#).

Part B: Regular contributions

When would you like your regular contributions to increase from?

If you're increasing your regular contributions to your plan, you'll need to tell us the total gross amount that is to be paid. Your employer/group personal pension plan sponsor will deduct your contribution from your net salary and pay it to us. We'll then claim tax relief at the basic rate from HM Revenue & Customs and pay it to your plan. If you're an intermediate rate (Scottish taxpayers only), higher rate or additional rate taxpayer, you could be entitled to claim more tax relief through a self-assessment tax return or by contacting your local tax office. All contributions made by employers must be made gross of tax.

Part C: Single contributions

If you're making a single contribution to your plan, you'll need to tell us the total gross amount that is to be paid. We'll then claim tax relief at the basic rate from HM Revenue & Customs and pay it to your plan. If you're an intermediate rate (Scottish taxpayers only), higher rate or additional rate taxpayer, you could be entitled to claim more tax relief through a self-assessment tax return or by contacting your local tax office. All contributions made by employers must be made gross of tax.

If you would like to choose different individual funds for your additional regular and/or single contribution, please complete the table below. Please make sure the figures in the table add up to 100%.
