MORE REASONS TO CHOOSE US FOR PROTECTION

Comprehensive product range: in addition to our Personal and Business Menu Plans, we also offer our Relevant Life Plan and Pegasus Whole of Life Plan.

Flexible cover: we offer Life Cover, Life or Critical Illness Cover, Critical Illness Cover and Income Protection through both our Personal Menu and Business Menu Plans. This allows you to tailor a plan to suit your client's needs and budget.

Free Cover: offered to eligible clients during underwriting (subject to terms and conditions).

Unemployment Cover: available through our Personal Menu Plan. We're one of the few providers to offer this type of cover – plus it doesn't have to be linked to a mortgage.

Children's Critical Illness Cover: included at no extra cost, with all your client's children covered from birth to age 21, even if they're not in full-time education.

Flexible cover increase options: we give your clients with standard rates the option to increase their cover after certain events, such as buying a new home or the birth of a child.

Lifestyle review: if your client changes their lifestyle then they can ask for a lifestyle review. For example, if they've stopped smoking or changed their lifestyle we may be able to reduce the premium or remove an exclusion.

Proven claims track record: in 2016 we paid out 92.2% of all our critical illness claims totalling over £156 million as well as 95.6% of our income protection claims (includes new claims admitted in 2016 and those already being paid before 1 January 2016 that continued to be paid in 2016) (source: Royal London UK protection business claims paid 1 January to 31 December 2016).

We want to pay more claims: that's why we cover 57 critical illness definitions, 43 pay the full amount of cover and 17 of these definitions go above the ABI standard.

Additional cover: we also have 14 additional conditions (including nine definitions to cover over 60 early forms of cancer) that pay 25% of the amount covered up to £25,000. And unlike some other providers, if a client later meets one of our main critical illness definitions, we'd also pay the full amount they're covered for.

Tax and trust support: from our in-house team of industry experts.

Improved online service: Specify different owners for each cover using just one application, one plan charge and one direct debit. Select and edit the start dates for each cover yourself using our online dashboard allowing you to manage when your clients' plans go on risk.

Personal support: Our Helping Hand service gives your clients, and their partner and children, access to a dedicated nurse who can support them through serious illness, injury or bereavement. It's available from the day their plan starts and they don't need to pay anything extra to use it.

Award-winning products: our Critical Illness, Income Protection and Whole of Life plans have all been awarded 5 Stars by Defaqto. And we've been awarded gold by F&TRC for our life protection, mortgage protection and family income benefits.

Award-winning service: our service excellence has been recognised as we were awarded 5 stars in the Financial Adviser Service Awards 2016. Our 5-star service means you and your clients can be sure you're getting the highest standard of service available.
