7 Payment of benefits on death

Please complete this section to tell us how your retirement savings should be paid out in the event of your death.

If you die before taking all the retirement savings under your plan, the value of your plan will be paid out in accordance with the rules of The Royal London Personal Pension Scheme (No2). The ways in which your beneficiaries can choose to receive these benefits will be explained to them at the time.

It's important that you regularly review who you've nominated to receive the retirement savings from your plan in the event of your death, especially if your circumstances change. When you complete this form, you need to ensure that you tell us the names of everyone who you want us to consider as a beneficiary.

Completing this section

Firstly you'll need to decide how you want your retirement savings to be paid out – there are normally two options for you to choose from:

Option 1 – At our discretion (as the scheme administrator)

If you choose this option, you'll need to tell us who you want us to consider paying the retirement savings to. In most circumstances we'll follow your wishes. However it's important to understand that under this option we are not bound to follow your wishes. We may decide to pay your retirement savings to a different person or persons if your personal circumstances at the time of your death make this an appropriate course of action. If you choose this option, any retirement savings we pay won't be subject to any inheritance tax.

If you choose this option, you can change who you have nominated at any time by writing to us, however, you can't choose Option 2 below at a later date.

Option 2 – At my direction

If you choose this option, we're legally obliged to carry out your wishes and pay your retirement savings to whoever you have directed us to pay these to. If you choose this option, any retirement savings we pay may be subject to inheritance tax so you may wish to discuss this with a financial adviser first.

If you choose this option, you can change who you have directed us to pay the retirement savings to at any time by writing to us. You can also change your mind and choose Option 1 at a later date.

Paying benefits on death

When we're notified of your death, we'll explain to your beneficiaries the different ways in which the benefits can be paid to them.

If you want us to consider giving one or more of your nominated beneficiaries the option of using the amount available for beneficiary flexi-access drawdown, it's important that you tell us this when completing the table below. You should speak to your financial adviser to find out more information about why you may want to consider this option.

Remember that when you're choosing your nominations, you can only choose who you want your retirement savings to be paid to on your death – you can't choose who any remaining retirement savings may be paid to when those beneficiaries subsequently die.

Choosing your option

Please tick one box below to confirm how you would like your retirement savings to be paid out and then complete the table below:

Option 1 – At the discretion of the scheme administrator Option 2 – At my direction

We only use this information to pay your retirement savings in the event of your death. Please make sure your beneficiaries are aware of how we use their information.

			Yes/No

If you'd like to list more names than there's space for, please tick the box and provide the details on a separate piece of paper which should be signed, dated and attached to this form.
