

SPLIT TRUST – BARE

Important notes

Please read these notes prior to completion. **The following trust form should not be used for pension plans.**

The trust form is designed for use only with plans issued by Royal London (and the divisions known as Bright Grey and Scottish Provident). It may be used with Scottish Provident Self Assurance and Pegasus Plans, provided the Pegasus plan does not have critical illness cover which includes the buy back option.

The trust form and these notes in relation to its use are for general guidance only and are based on our current understanding of the law as it applies in the United Kingdom and HM Revenue & Customs practice. No responsibility can be taken by Royal London or any of its subsidiary companies for the interpretation of the law or future changes in the law or practice. Tax liabilities and the ability of the donor in law to set up a trust are dependent on individual circumstances. We strongly recommend that you take separate legal and taxation advice prior to signing the trust form and while the trust is in existence particularly if any changes are to be made to the interests of beneficiaries.

Part – reserved to donor

Part – bare trust for named beneficiaries, excluding donor as beneficiary

This version of the split trust is designed to allow payment of the plan proceeds to the trustees without grant of probate/administration/confirmation.

The additional purpose of this trust is to ensure that any benefit paid on death or diagnosis of a terminal illness, or critical illness or total permanent disability where the donor fails to survive diagnosis by 30 days, is outside the estate of the donor for inheritance tax purposes (the “gifted benefits”). In this case the gifted benefits are held upon trust for other persons as beneficiaries selected by the donor. If the donor survives a diagnosis of critical illness or total permanent disability by 30 days, the critical illness benefit or total permanent disability benefit will be held for the donor absolutely.

Any surrender value is also a gifted benefit, to be held for the named beneficiaries.

At the same time the trust ensures that the retained benefits are held for the absolute benefit of the donor. The retained benefits mean the right to any payment comprised in the Trust Fund which is not comprised in the gifted benefits.

The trust is a bare trust, which means the donor must specify named beneficiaries to receive the gifted benefits. The donor must also provide whether the named beneficiaries will benefit in specified shares or receive specified benefits.

It is important to note that the gifted benefits under the trust will always be paid to the named beneficiaries, even if this is no longer desirable due to a change in circumstances. If a named beneficiary dies, the trust provides that his share or benefit will pass to his estate, not to the other named beneficiaries.

The payment of premiums by the donor will normally be exempt for inheritance tax purposes by reason of the annual exemption or the normal expenditure out of income exemption. A transfer of an existing plan into trust will be a transfer of value for inheritance tax purposes but the amount of the value transferred will normally be negligible if the person covered is in good health at the date of the creation of the trust.

Any increase in the value of the trust fund (excluding the value of the retained benefits) will potentially be outside the donor’s estate for inheritance tax purposes. For this reason, therefore, the donor must not be named as a beneficiary. If he is, then this will prejudice the tax effectiveness of the trust.

The split trust is also available as a discretionary trust.

Completing the trust form (The numbering denotes the relevant clause in the trust form.)

The donor – creating the trust

The date of the trust form is the date it is completed by the donor. The date must be inserted under the donor's signature on page 13. The trust form can be completed for a plan that is already in existence or in anticipation of a plan being put in place where an application form has been completed or is yet to be completed. The donor must complete his full name, including any middle names and address. Under this trust, the plan is assigned to the trustees and the legal owner of the plan will be the trustees.

Who are the trustees?

The trustees are the legal owners of the plan, holding it upon trust for the benefit of the person(s) specified in the trust.

- F1** The donor (to be entered here) is automatically a trustee.
- F3** The trustees are the persons who will be entitled to the trust fund (as defined at F8 – see below), holding it upon trust for the donor (in respect of the retained benefits) and, the person(s) specified in the trust in respect of the gifted benefits, including critical illness benefit or total permanent disability benefit where the donor fails to survive diagnosis of a critical illness or total permanent disability by 30 days.
- F2** The trust requires there to be at least two trustees: see D1. There must be at least one additional trustee added at F2 for the trust to be effective, but up to four additional trustees may be nominated. The donor is automatically a trustee: see above. We recommend that at least two additional trustees be appointed at the outset since an additional trustee will be required if the death of the donor results in there being only one trustee remaining. If the donor and the single additional trustee die before the plan is paid and there are no other additional trustees, probate or confirmation will be required before payment can be made. All the trustees will normally be required to sign the discharge form issued by the insurer in respect of any payment of plan monies.

We strongly recommend that one of the trustees be independent i.e. someone who is not a beneficiary or donor of the trust. Trustees must be aged 18 (16 in Scotland) or over.

The full name, including any middle names, and address of each additional trustee must be completed. The additional trustees may sign on the same date as the donor or at a later date, but they must not sign before the donor has signed the trust form.

- D2** The donor may appoint new trustees to act with the existing trustees of the trust. After the donor's death, the trustees may appoint additional trustees.
- D3** The donor, so long as there are two trustees or a corporate body still acting after the removal, may remove a trustee from office.

What is included in the trust?

- F8** The plan is the trust property, which includes all of the benefits under the plan. This comprises the gifted benefits (see F10) i.e. all of the benefit paid on death or diagnosis of a terminal illness, critical illness or total permanent disability arising under the plan which is to be held on trust for the donor's beneficiaries in the event of the donor's death or accepted terminal illness claim, or critical illness claim or total permanent disability claim where the donor fails to survive diagnosis by 30 days. It also includes retained benefits (see F11), i.e. the benefits arising under the plan which are not included in the gifted benefits and which are to be held for the donor absolutely.
- F4** Details of the application for the plan or of the plan itself if it is already in force should be inserted in box (a) or (b) as appropriate. If the plan is not in force yet, the application date will be the date the paper application was completed or the date the online application was submitted. The trust form can also be completed in anticipation of an application being submitted, in which case the date of the application will be the date the paper application form is to be completed or the date the online application is to be submitted. This means the trust form will pre-date the application.

The named beneficiaries

The donor must choose to complete either F12 i, or F12 ii. The named beneficiaries will benefit in the appropriate shares or will receive the appropriate benefits, depending on which section is completed. If the plan is a Pegasus plan, the donor should complete section F12 i.

- F12 i** If the donor chooses to complete this section, he must specify named beneficiaries. The donor must also specify the appropriate shares; the percentage share of the total gifted benefits that each named beneficiary is to receive. The percentages must total 100%.
or
- F12 ii** If the donor chooses to complete this section, he must specify named beneficiaries. The donor must also specify which gifted benefit each named beneficiary is to receive.

For example –

Type of cover	Person covered	Cover amount	Cover term
Life or critical illness cover	Alan Person	£100,000	25 years
Life cover	Alan Person	£10,000 per annum	10 years (example – family income benefit)

The gifted benefits must be written on the trust form in exactly the same way as they appear in the Cover summary or policy benefit schedule or if this has not been received yet, the quote.

It is important to note that the named beneficiaries and the appropriate shares or appropriate benefits cannot be altered after the trust is created. If a named beneficiary dies, the trust provides for his share to pass to his estate.

The donor must not be a named beneficiary in order to ensure that the tax effectiveness of the trust is not prejudiced.

Signing the trust

G. The trust form must be signed by the donor in the presence of a witness who must sign against the signature. The date must be completed underneath the donor's signature. The witness must be independent, over 18 (16 in Scotland) and not a relative of the person whose signature is being witnessed or a named beneficiary or a trustee. For example, a professional adviser may be a witness. The witness must also enter their full name and address.

The additional trustees should sign at the end of the trust form, adding the date of their respective signatures. This is to confirm acceptance of their appointment as trustees. The additional trustee(s) must sign the trust form **after** the donor and witness have signed, though the additional trustees do not need to sign on the same date – they may sign at a later date.

If an additional trustee is a corporate body, the authorised signatory's name and the capacity in which they are signing must be added.

Once signed, a copy of the trust form must be returned to us for noting. You should not send us the original form, which should be kept with the plan documents and other trust papers.

A Introduction

- A1** The Donor is the beneficial owner of the Plan and wishes to declare trusts on which the Plan is held and for that purpose appoints himself and the Additional Trustees as the initial Trustees of this Trust Deed.
- A2** If the Donor completes Clause F12 i the provisions of Clause F12 i shall apply. If the Donor completes Clause F12 ii the provisions of Clause F12 ii shall apply.
- A3** The Definitions in Part F shall have the meanings set out in that Part.

B Trust Provisions

- B1** The Trustees shall hold the Retained Benefits upon trust for the absolute benefit of the Donor.
- B2** The Trustees shall, subject to the provisions of Clause B3, hold the Gifted Benefits upon trust for the benefit of the Named Beneficiaries either (A) in the Appropriate Shares specified in Clause F12 i or (B) as to the Appropriate Benefits specified in Clause F12 ii and if no such shares or benefits are specified and there is more than one Named Beneficiary then in equal shares.
- B3** Where the Gifted Benefits include any benefit payable on the Person Covered being diagnosed with a Critical Illness or Total Permanent Disability, both as defined in the Plan, then in the event of the Person Covered, or if there is more than one Person Covered either of them, being diagnosed as suffering from a Critical Illness or Total Permanent Disability, and the Donor, or either of them if the Donor is two people, surviving such diagnosis by 30 days, the Trustees shall hold the benefit payable on diagnosis of a Critical Illness or Total Permanent Disability or both as the case may be for the absolute benefit of the Donor or the Donors if there are two.
- B4** Subject to the provisions of Clauses B1 and B3, the Trustees may not pay or apply the Trust Fund or any part of it to or on behalf of the Excluded Person.
- B5** Notwithstanding that a Named Beneficiary has not yet attained full legal capacity (a "minor") he is nevertheless absolutely entitled to any income produced by the capital of the Trust Fund to which he is entitled.
- B3** Subject and without prejudice to any exercise of power conferred on them by Clause C12 the Trustees may (at their sole discretion and in such manner as they think fit) apply the whole or such part or parts of the income, whenever arising, to which a Named Beneficiary who is a minor is entitled, for or towards his maintenance, education or benefit. Income which is not so applied shall be retained by the Trustees who shall hold the same with and subject to the administrative powers and provisions of this Deed which are applicable to the Trust Fund upon trust for the Named Beneficiary absolutely.

C Administrative Provisions

The Trustees shall have the following powers in addition to any powers conferred upon them by law namely:

C1 General

The Trustees shall have all the powers of investment, sale, alienation, exchange, partition, mortgage, charging, pledging, leasing, insurance, protection, improvement, equipment, dealing, disposition, and management (and all other powers) of an absolute beneficial owner of the Trust Fund. Such powers shall not be restricted by any principle of construction but shall operate according to the widest generality of which the foregoing words are capable, notwithstanding that certain powers are more particularly set out in the following clauses.

C2 Power of investment

Any money to be invested may be applied in the purchase or acquisition (either alone or jointly with other persons) of such investments, shares (including partly paid shares), stock, funds, securities, land, buildings, chattels or moveable property, deposits and securities (including bonds or securities payable to bearer) or other property of whatever nature and wherever situate, and whether involving liabilities or producing income or not, or in making such loans, with or without security, as the Trustees think fit.

C3 No requirement to diversify investments

The Trustees shall have power to retain the Trust Fund in its present state and shall not be required to diversify the investment of the Trust Fund, nor be liable for the consequences of investing, or keeping the Trust Fund invested, in, or in the shares or obligations of, a single business, company or firm, or in one asset or one type of asset.

C4 No requirement to invest in income-producing investments

No person beneficially interested in the Trust Fund shall be entitled:

C5 Transfer of Trust Fund

Notwithstanding that a beneficiary is absolutely or indefeasibly entitled in possession to a share of the Trust Fund he shall not be entitled to call for the transfer to himself of his share of any divisible asset if such transfer would in the opinion of the Trustees reduce disproportionately the value of the asset remaining in the hands of the Trustees or other realisation of any indivisible asset unless such transfer or sale is called for by persons of full legal capacity who together are the owners of the entirety of the beneficial interests in the asset concerned.

C6 Life assurance

The Trustees may take out or take over policies of assurance on the life of any person with full power to surrender, vary or otherwise deal with any such policies as if they were the absolute owners of these policies.

C7 Power to lend

The Trustees may lend money or assets comprised in the Trust Fund to any person beneficially interested in the Trust Fund either with or without security, on such terms (whether or not including provision for the payment of interest) and generally as the Trustees think fit.

C8 Power to borrow

- C8 i The Trustees may borrow and raise money either without security or on the security of the Trust Fund, any part of it or any assets comprised in it, for any purpose (including the investment of the money so raised as part of the Trust Fund) and may mortgage, charge or pledge the Trust Fund, any part of it or any assets comprised in it, as security for any money so raised.
- C8 ii The Trustees may enter into borrowing arrangements jointly with other persons, whether involving joint or several liability.

C9 Powers in relation to real property and chattels

- C9 i The Trustees shall have all the powers of an absolute beneficial owner in relation to the disposition, development and improvement of any land comprised in the Trust Fund.
- C9 ii The Trustees shall not be bound to maintain any building or other structure on land comprised in the Trust Fund or to preserve or repair any chattels or moveable property comprised in the Trust Fund.

C10 Power to permit occupation of property and enjoyment of chattels

The Trustees shall have power to permit any person beneficially interested in the Trust Fund or any part of it to occupy, or reside in or upon, any real or immovable property, or to have the enjoyment and use of chattels or moveable property for the time being comprised in the Trust Fund, on such terms as to payment of rent, rates, taxes and other expenses and outgoings and as to insurance, repair and decoration, and generally upon such terms as the Trustees think fit.

C11 Power of appropriation

The Trustees may appropriate any part or parts of the Trust Fund in or towards satisfaction of the interest of any beneficiary and may for such purpose place such value on any property as they think fit.

C12 Powers in relation to minors

The Trustees may pay or transfer any assets comprised in, or any income of, the Trust Fund to the parent or guardian of a minor who is beneficially entitled to such assets or income, and the receipt of such parent or guardian shall be a full discharge to the Trustees.

C13 Power to appoint agents

The Trustees shall have power to employ one or more of their own number or other suitably qualified person or persons, other than the Excluded Person, to advise on the administration of the Trust, and to pay such person or persons out of the Trust Fund appropriate remuneration for his or their services without prejudicing the right of any Trustee to resign office.

C14 Power to delegate

The Trustees shall have power to delegate the investment of the Trust Fund on a wholly discretionary management basis.

C15 Trustee charging

A Trustee which is a trust corporation or corporate body authorised to undertake trust business shall be entitled to charge and be paid such remuneration (A) if it is appointed by the Donor as may be agreed by the Donor prior to such appointment and (B) if it is appointed otherwise than by the Donor, in accordance with its published terms for acting as a trustee.

C16 Power of restriction and amendment

The Trustees may release or restrict the future exercise of any power conferred on them and amend or add to the administrative provisions of the Trust by deed or deeds.

D Appointment of Trustees

D1 There shall at all times be at least two Trustees unless a corporate body is a Trustee.

D2 The power of appointing a new Trustee or Trustees shall belong to the Donor during his life or for so long as the Donor retains full legal capacity (and where two persons are the Donor this power shall be exercisable by them jointly during their joint lifetimes and then by the survivor of them during his lifetime).

D3 The Donor (or surviving Donor) for so long as the Donor retains full legal capacity, may remove one or more of the Trustees by sending a Notice of Removal in writing to the Trustee in question at his last known address. The sending of the Notice by recorded delivery post will be deemed due service of the Removal Notice. The removed Trustee shall co-operate (without expense to him) in executing any documents or consents required in order to terminate effectively his Trusteeship and to vest the Trust Fund in the continuing Trustees. This power of removal shall be exercisable only if there are at least two persons remaining as Trustees after the removal of any Trustee, unless a corporate body remains as sole Trustee after the removal. On the Donor's (or surviving Donor's) death or incapacity this power of removal shall vest in the continuing Trustees, subject to the same conditions.

E Ancillary Provisions

Income which is not so applied shall be retained and added to the share of the capital of the Trust Fund to which the minor beneficiary is prospectively entitled.

E4 Extended power of advancement

The Trustees may at any time or times advance to any beneficiary any part or the whole of the capital of the Trust Fund to which that beneficiary may be entitled or prospectively entitled (whether defeasibly, contingently or in default).

E6 Trustees to act by majority

The Trustees shall act by majority.
