Important change to your Royal London investment

Dear <FIELD I><FIELD K> or Default Sir/Madam

What you need to know

Your pension <plan is> <plans are> currently invested in the RLP Japan Core Plus (Schroder Tokyo) pension fund. This is one of our Matrix Funds, a group of equity funds categorised by sector and risk relative to a benchmark index. We're replacing the underlying fund and as a result, it will change to the RLP Japan Core Plus (Baillie Gifford Japanese Income Growth) pension fund.

Your plan number <Plan number>

Why are we replacing the underlying fund?

As part of our governance process the Royal London Investment Advisory Committee (IAC) review the investment objectives, performance and benchmarks for our investment funds quarterly and make changes when necessary.

The IAC raised concerns about the consistent underperformance from Schroders coupled with the retirement of a fund manager with a proven track record. The Baillie Gifford fund offers a strong performance track record and a significant reduction in charges.

What's changed?

- The fund name will change to RLP Japan Core Plus (Baillie Gifford Japanese Income Growth) pension fund
- The Annual Management Charge (AMC) will reduce from 1.70% to 1.57%
- The Total Expense Ratio (TER) will reduce from 1.86% to 1.58%.
