May 2021

Important change to your Royal London investment

Dear <FIELD I><FIELD K> or Default Sir/Madam

What you need to know

Your pension <plan is> <plans are> currently invested in the <RLP BlackRock ACS European Equity Index/RLP BlackRock ACS Japanese Equity Index/RLP BlackRock ACS UK Equity Index/BlackRock ACS US Equity Index/BlackRock ACS World (ex UK) Equity Index> pension <fund><funds>.

Your plan number: **<Plan number>**

We're writing to you to advise that BlackRock are changing the benchmarks for some of their BlackRock ACS Index funds. The <fund><funds> that you are invested in will now move to track an Environmental, Social and Governance (ESG) screened index at the end of June 2021.

The change will address broad sustainability related factors and reduce risks related to a low carbon transition of the global economy.

The new indices will screen out certain stocks that do not meet specific ESG criteria such as controversial weapons, small arms and United Nations Global Compact violators as well as two fossil fuel screens related to thermal coal and oil sands.

How will this impact my investment?

We do not expect these changes to have a material impact on the fund performance or impact the funds ability to perform in line with its new benchmark.

Customer Service Team
