Dear Sir/Madam

I'm writing to let you know that we may shortly be writing to some members of the pension scheme(s) you have with us.

As you know, in April the Government introduced new flexibility around the options that people aged 55 and over have when they come to retire.

We're writing out to all members who are 54 or older to confirm the changes we're making to their pension plan to cater for these new options. We'll then update members who are under age 54 in due course.

### **Need more information?**

If you'd like to see a copy of the letter we'll be issuing to these members and more details about the changes to their plan(s), please visit our website
